**We are again calling for a massive Feminist Strike on 14 June, 2023. We will go on strike in the workplace, at home, in schools, in public places and by refusing to participate in consumerism.**

Join the feminist movement! Get your colleagues, friends and family to join the feminist strike. Organise a strike, an action, a speech, a sign of solidarity.

Our demands to promote a change in the current patriarchal and capitalist system are concrete, urgent and necessary. They are:

- **Reduced work hours for all** and equal pay for work of equal value
- Immediate **reinforcement of the AVS (old-age state pension)** and the abolition of the pillar pension system for a single pillar
- Systematic national measures to **address gender-based, sexist and sexual violence**
- **Parental leave** of at least 1 year per parent and per child
- **Abolition of the private health insurance system** and proper coverage for reproductive and sexual health
- A national plan and dedicated resources to **fight discrimination** on racist, xenophobic, queerphobic, validist and fatphobic grounds
- **Feminist asylum**, a stable residence permit and unconditional birth rights
- A national action plan and measures **for the climate and the environment**
- The integration of intersectional feminism in training and education
- The right to free abortion for all enshrined in the Constitution

**If even just one of these demands would improve your living conditions, then join us!**
